THE VOYAGE OF THE DAWN TREADER

ONLY IN CINEMAS

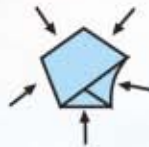

INSTRUCTIONS

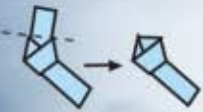

- 1 Cut a long strip of paper and fold the top, making a knot at the end.

- 2 Gently tug on the end of the paper to tighten the knot. When it's tight, press down and flatten the knot.

- 5 When you have no paper left to wrap, tuck the last bit into the pentagon.

- 3 Fold the end down and tuck it into the knot. If it's too long, just cut it off. Now you should have a pentagon on the end of your strip.

- 6 Use a blue crayon or marker to color your star blue (if you are using white paper).

- 4 Fold the rest of the strip around and around, creasing the paper as you go.

- 7 To make the pentagon into a star, push gently with your fingernail around the edges of the pentagon. The star will puff out.

- 8 Make a hole at one of the points and add a string to turn your star into an ornament.
