THE VOYAGE OF THE DAWN TREADER

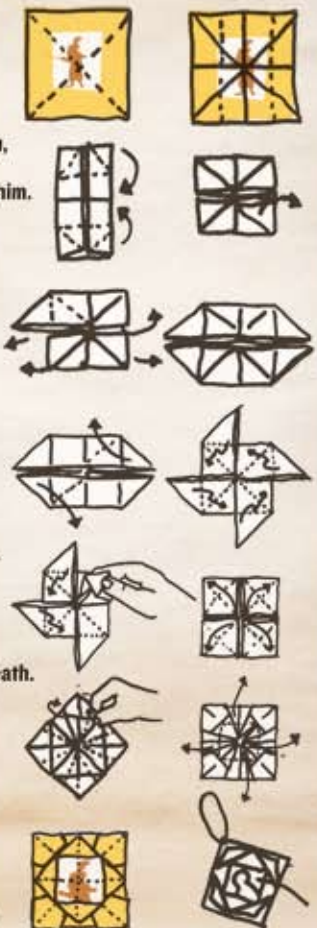

ONLY IN CINEMAS

PICTURE THE MAGIC YOU CAN MAKE.

Lucy, Edmund and Eustace are transported to Narnia through an ornate picture frame—their portal to adventure. Now, make your own frame. Keep it for yourself or make some holiday magic and give it as a gift.

## INSTRUCTIONS:

1. Cut around the outside of the gold frame. Or use an 8" x 8" piece of paper.
2. With Reepicheep facing you, fold the corners down and unfold to form an X across him.
3. Now fold a + across Reepicheep and unfold.
4. Fold inward from right and left. Then fold from top to bottom.
5. Pull out the points from all four corners.
6. Fold two points back.
7. Lift up and then flatten all four points to form a square.
8. Fold back the top layers.
9. Fold back flaps and repeat on the triangle flaps underneath.
10. Your frame is finished.
11. Now use crayons, pens or pencils to give your frame an ornate border.
12. Insert a photo. Give as a gift or make a hole and insert a string to create an ornament.
